TOMO is a video media which gathers like-minded Hoteliers around the world.

Tomo is about People, who live our Maisons 24hrs a day, and share strong values.

Tomo puts light on true Hospitality and will share with you the places where we, as hoteliers, trust to take care of our families.

Tomo believe in the power of human connections, in hoteliers who create emotional and transformational life experiences.
Tomo believe in passion : passion that makes us get out of bed every morning.

Tomo believe in nature and culture : to make up the true spice of life.

Tomo believe in a conscious and sustainable way of traveling : better for people, respectful for the planet.

All hoteliers on Tomo offer uniqueness, generosity, kindness, authenticity, surprise, emotions, dream; love of nature, culture and people... That's what we are.

We strive for trust : between us, from our clients, to our suppliers and partners.

We strive for support : our community, our teams, local communities.

We strive for sharing : our passion, our secrets, our wonder, our dreams.

We strive for caring : treat you as special guests, as friends, as if you came to our own house.

We speak the truth = we tell you everything.

We speak with authenticity = we don't use filters.

We speak with heart = it means sincerity and love.

We speak real = we speak our own words, we show you our Maisons as they really are.
